Premium Dashboards

Access industry comparisons and peer group analysis across a range of metrics. Our Intraday response and dispute monitor provides real-time data for important management decisions.

Dashboard Designer

Advanced users can create custom reports and charts by leveraging the point-and-click builders or using SQL.

Key Benefits

- 1. Peer comparisons enable your firm to see your position in the market as well as view market trends via analysis of industry-wide metrics**
- 2. Our dashboards provide a view across your end-to-end process to identify operational inefficiencies**
- 3. Improve client margining processes by providing the industry-standard measurements required for quantifiable process improvement**
- 4. Know your volumes across a range of call and agreement types, products, etc**
